

On behalf of all the River Kingdoms, I, Miquela Caterina Barbéras Aldorí, first Swordlord of Aldoría, denounce Baron Drulev for violating the River Freedoms. All men and women of the River Kingdoms have the right to walk any Road, Float ant River. By unlawfully detaining your citizens, and intentionally turning your soldiers, artillery, and giants upon them, you have proven yourself unworthy of rule.

From this day forth, Lord Terrion Numesti shall rule this kingdom, free from any bonds to Pitax or (acknowledging his independence of Aldoría unless he should decide to ally with us) or any other nation. Step down now, go with your giants and enforcers to Pitax and there will be peace. Deny any portion of my claim, seek to continue holding office in this land, or refuse our offer, and I, by right of You Have What You Hold, will take your castle, and your lands by force.

Noble lords, those of you who see the injustice done here, and who still hold faith in Lord Terrion Numesti, stand with us as we overthrow the despot Baron Drulev!
